the airport that works for you.

# *Oakland to all across America.*

Why are more Bay Area travelers smiling these days? It's because they're flying from Oakland International. We serve many of the locations you want to go to, nonstop. But more important, we eliminate many of the hassles that are "business as usual" at other area airports, like bridge traffic and weather delays. The way it works around here, smiling is nonstop, too. [oaklandairport.com](http://oaklandairport.com)
